

Name: _____

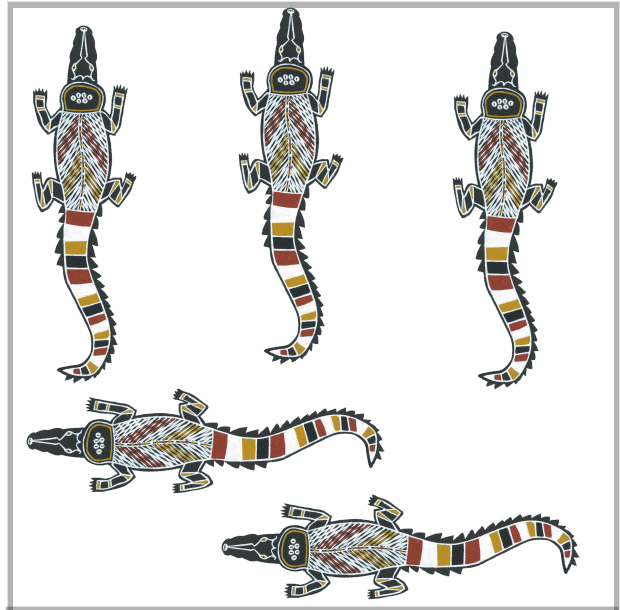

Date: _____

Count and Colour

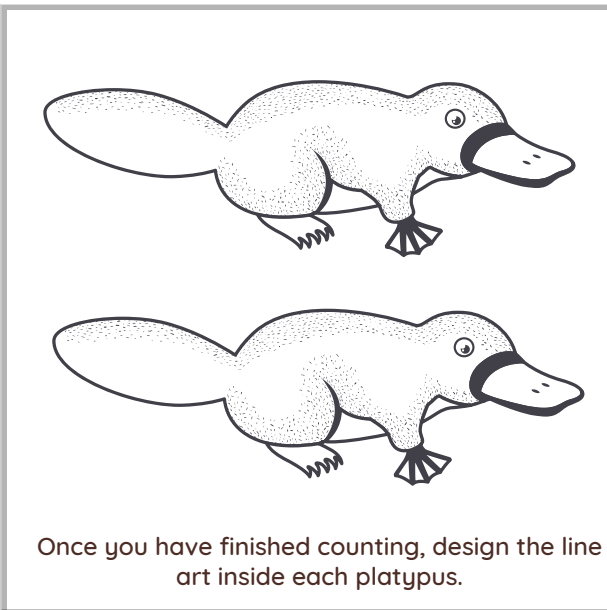

Count and then colour the circle that shows the correct amount of pictures in each box.

A box containing eight kangaroos, each with a unique pattern of brown, black, and white lines. Below the box are four circles containing the numbers 8, 7, 9, and 6.

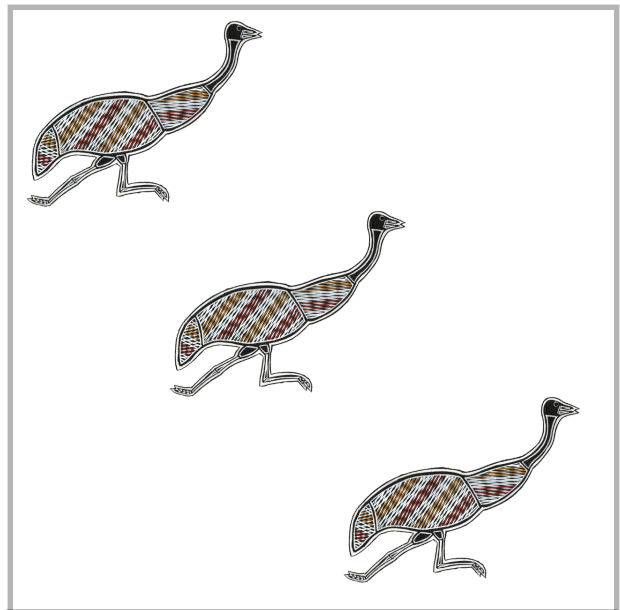

A box containing five crocodiles, each with a unique pattern of brown, black, and white lines. Below the box are four circles containing the numbers 7, 8, 6, and 5.

A box containing two platypuses, each with a unique pattern of brown, black, and white lines. Below the box are four circles containing the numbers 5, 4, 3, and 2.

Once you have finished counting, design the line art inside each platypus.

A box containing three emus, each with a unique pattern of brown, black, and white lines. Below the box are four circles containing the numbers 6, 3, 8, and 7.
